CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Joe Earman Chosen Chairman Of Flood Control District

WEST PALM BEACH—Joe S. Earman of Vero Beach was elected chairman and a \$3,633,000 budget was ratified last Saturday by the Central and South Florida Flood Control District. The budget lopped \$190,000 from figures first proposed as a measure of economy.

Earman appointed Broward M. Daniel and Henry J. Driggers, a new member, as a committee to study the salary schedule and travel expenses of personnel. Earman succeeded Dave Turner of Fort Lauderdale as chairman. N. J. Hayes, of Miami, was elected vice-chairman.

Outstanding among items of business, following reorganization and adoption of the budget, was the approval of the following objectives, as suggested in a letter from Stacey Rogers, general manager, and conveyed to the district engineer corps of engineers.

1. Protection of lower East Coast areas from overflow from Everglades;
2. Protection of Lake Okeechobee agricultural area from flood runoffs;
3. Enclosure of major part of Okeechobee agricultural area;
4. Continuation of work on enlargement of St. Lucie Canal.

Capt. Reid Clifton Located In Miami

Reid Clifton, former Pahokee city policeman, is now a captain with the State Highway Patrol and is located at Miami. Capt. Clifton has 18 counties in his district and is responsible for the 49 men under him.

Capt. Clifton has been a frequent visitor in Pahokee during the past few weeks since construction of the State Highway Patrol office was started. The new building is located on a lot just across the street from the home of Mr. and Mrs. Johnny Thomas.

Don Hillier and Sons, contractor will soon have the main building completed. There is a small building at the rear of the main office yet to be erected. This small building will house part of the equipment used in the radio work connected with the office.

Market Manager Is Lions Club Speaker

George C. Young, manager of the Glades Livestock Market, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club. The speaker gave an interesting talk on the operations of the new market and its importance in promoting the livestock industry in the Glades area.

LAWN PARTY

Members of the Gertrude Shirley Circle, First Methodist WSCS, enjoyed a lawn party and wienie roast at the home of Mr. and Mrs. Lloyd Hundley Monday night. Guests included Mr. and Mrs. R. J. Schroder, Mrs. Ruth V. Meredith and husbands and children of members. Approximately 40 were present.

New Superintendent Visits Pahokee Church

Dr. J. H. Daniel, superintendent of the newly formed West Palm Beach District of Methodist Church, Sunday, July 24.

This will be Dr. Daniel's first visit to the local church and a large congregation is expected to be present to welcome him. On the program of special music will be a vocal solo, "Stranger of Galilee," by Jack Phillips and a duet "I Surrendered All," by Mrs. Robert Walker and Dr. Gordon H. Schuetler.

Outboard Regatta Scheduled Moore Haven Sunday P. M.

MOORE HAVEN — Those who enjoy the thrill of outboard motor races are urged to come to Moore Haven Sunday afternoon, July 23, to view the Outboard Regatta which is being sponsored jointly by the Glades County Chamber of Commerce and the Boat Club of Avon Park. The races are sanctioned by the Florida Association of Outboard Clubs. Assuring spectators of seeing the foremost racing drivers of the state competing for cash prizes over one of the most hazardous courses in Florida.

Nine races are planned, featuring every type of outboard motor and racing craft. Each race will be run in one heat, five laps, over a course approximately a half mile long in the edge of Lake Okeechobee just north of the Moore Haven Locks.

The program will start at two o'clock and will last about three hours.

The first racing program of this kind here was that staged in connection with the annual Chalk-Nikka Festival in February. Approximately 1500 people viewed the races that day and the sponsors are hoping to have even more at this second program.

Admission will be fifty cents for adults and twenty-five cents for children so bring the family and enjoy a thrilling afternoon. An attractive gate prize is being featured and sandwiches and soft drinks will be sold on the grounds.

ENGINEER TALKS

MT. DORA—Following an outline of the \$208,000,000 drainage and water control program south of Lake Okeechobee in a Kiwanis Club gathering here, Col. R. W. Pearson, U. S. district engineer, met with directors of the local Chamber of Commerce on the temporary dam project proposed for Apopka Canal, to maintain a higher water level for Lake Apopka. No dissenting voice was raised over the plan which would be a temporary measure lasting one year.

Winter Haven Chamber of Commerce is plugging, for tourist and townspeople alike, water ski instruction available at Cypress Gardens, as an added feature to the summer "package deal" designed to promote intra-state vacationing during the so-called dull season.

Bob Sears Winner Talent Nite Show At Prince Theatre

There could be no doubt in the minds of anyone who attended Malcolm Millar's Talent Scout Show at the Prince Theatre, Tuesday night, that Bob Sears was easily the first prize winner. He brought the house down with an avalanche of applause with his whistling of "Heartaches."

A tiny miss, billed as Jackie Scruggs, garbed in a pair of patched overalls, wearing a comical hat topped with what appeared to be petunias, and red cheeks, took second place with her singing of the comedy number, "Lonely Little Petunia in an Onion Patch," which brought forth peals of laughter and loud applause.

Show opener was Jackie Robinson and Kay Lutz, from Belle Glade, and appearing as guest stars, who presented an "Adagio Dance," and really did it in a masterful manner. Their act was warmly received by the audience. Betty Lou Scarborough was second on the bill. She sang "I Wanna Be Loved" and "Monday, Tuesday, Wednesday," which brought down the house. This little lady has what it takes to make a star and should go far in a short while.

On the competing talent, Holmes and Crews were first up singing "Let's Go to Church," in nice harmony and won a nice hand. Ann Rita Burns sang "Santa Lucia" displaying a promising voice, which took well. Three-and-one-half-year old Verlon Jones, tiny blonde, received "oh's," "ah's" and healthy applause for her singing of "Daddy's Little Girl."

Malcolm Millar announced next Tuesday, July 25, will be the closing week of the eliminations and the Grand Finals will be held Tuesday, August first. Grand first and second winners will be sent to Miami to appear on a television show over W. T. V. J., Florida's first television station.

Two Clewiston Men Are Given Honors

CLEWISTON—Two Clewiston men, E. J. Beardsley and Sidney Crochet, both of them prominent in civic affairs, agriculture and livestock raising, have been named to important outside posts that reflect esteem not only of themselves but of the Queen City of the Glades.

Beardsley, a pioneer citizen of the Glades, is new chairman of the Florida State Chamber of Commerce sugar committee in its agricultural division, while Crochet, currently president of Clewiston Chamber of Commerce, has been appointed one of five-man board committee of Eastern Brahman Association officially empowered to set up the association's exhibits at regional fairs, including Southeastern, Atlanta, and Florida State, Tampa. Crochet is in charge of the corporation's livestock department.

Mr. and Mrs. Glynn Carr and daughter are visiting friends and relatives in Dublin, Ga.

Cigaret Tax Is Handed To Cities

The May cigaret tax distribution has been made by the state and many cities in Florida are a bit richer today as result of the fag smoking public. The amounts received in the county by certain cities follow:

West Palm Beach	\$25,861.87
Belle Glade	7,435.35
Pahokee	2,898.35
South Bay	958.80

Two Churches Will Conduct Vacation Bible Schools Aug. 7

A faculty meeting was held at the home of Rev. Hoke H. Shirley Tuesday evening to make plans for the Vacation Bible School which is to be held at the Pahokee First Baptist Church Aug. 7-16.

The school will be conducted daily, Monday through Friday, from 9 a. m. to 12 noon with refreshments each day. There will be three departments, beginners, primary and junior, for children from 4 to 12 years. The program will feature Bible study, handicrafts, singing and worship.

A Youth Retreat for young people from 13 to 24 years will be run simultaneously with the school. The retreat will open with a covered-dish supper in the fellowship hall on Aug. 7 to 7 p. m. The program will include a study of the book of Mark, youth chorus singing and group discussions led by local and out-of-town speakers. "Planning a Life" will be the theme for these youth discussions which are to include topics such as "Youth Preparing for a Happy Home," "Christian Recreation," "What to Do on a Date," "Petting, Wise or Otherwise?," "Choosing a Mate," "Choosing a Vocation" and "Forming Clean Habits."

A Vacation Bible School will be conducted at the Church of God in Pahokee starting Monday, Aug. 7 according to plans announced by Rev. James W. Miller, the new pastor. Classes will be held daily, Monday through Friday, from 8:45 to 11 a. m. and free transportation will be furnished children living a considerable distance from the church who have no way to get there.

BOY INJURED

Clarence Meloy of Belle Glade is a patient at the Everglades Memorial Hospital this week where he is being treated for injuries received in an accident Saturday. The boy received painful lacerations and bruises when he fell to the highway from the back end of a fast moving truck on a fishing trip.

A resolution sponsored by Florida Reserve Officers Association strongly denouncing the United World Federalist movement, was sent to the recent ROA national meet in Washington, and "almost unanimously passed," according to Lt. Commander James Nemor, president of the Florida department.

Redi-Mix Concrete Plant Opened By Shirley Brothers

Another new industry went into action in the Everglades this week when the new Redi-Mix Concrete plant, located near the Glades Cattle Market, was opened by Shirley Brothers, Inc., owners and operators. The plant mixed its first batch of concrete Wednesday.

The owners of the new plant are not new in the concrete industry since they also own and operate Shirley Brothers concrete block and joist plant in Pahokee. They established this plant during the war when materials were scarce, but working under handicaps they successfully launched a new business that has meant a great deal to the Everglades country.

Now, with establishment of the new Redi-Mix plant, which is located almost geographically in the center of the trade territory to be served by it, the Shirley Brothers have brought another much needed industry to our section.

The new Redi-Mix plant will deliver mixed concrete to your job anywhere in the Lake Okeechobee Region, according to Claude and Lynn, the brothers who own and operate the plant. Claude is the recently elected president of the Pahokee Rotary Club and Lynn is the Texaco agent in Pahokee.

Garbage Survey Is Being Made In C. Pt.

At a meeting of the Canal Point Lions Club Monday night it was announced that a survey is being made by the club in the south part of Canal Point from the West Palm Beach Canal to the Canal Point-Pahokee packing center to determine whether residents in that area are interested in a garbage collection service.

At the present time the U. S. Sugar Corporation if offering garbage collection service to homes in the towns north of the West Palm Beach Canal to the A. R. Harrington residence. Following the survey, if a sufficient number of residents living south of the canal express their desire for this service the club plans to make arrangements to get it started. Any resident in the Canal Point area living either south or north of the canal desiring garbage collection service and who has not been contacted in the club's survey, is asked to contact Lon Adams, chairman of the committee in charge of the project.

Singing Convention Will Meet Sunday

The Glades Singing Convention will meet at the Lake Harbor Baptist church on Sunday afternoon, July 23, according to Mrs. R. W. Singletary, the secretary. The public is invited to attend and take part in the singing which is scheduled to start at 2:30 o'clock and continue until five.

B. W. Wood is visiting his son and daughter-in-law, Mr. and Mrs. J. W. Wood, in Miami this week.

News Notes From State Capital

TALLAHASSEE—Florida's financial health continued good at the close of the fiscal year, June 30, but Comptroller C. M. Gay reported spending had amounted to more than receiving by at least \$12,000,000. The general fund, from which schools and most state agencies get their money, had a clear balance of \$5,872,435. In addition the cabinet made a last-minute advance of \$2,390,000 to common schools to tide them through the summer.

TALLAHASSEE—A survey to find out what and why the weekly newspapers of Florida charge for advertising is starting at Florida State University under the direction of Wilbur C. Peterson, Brandon. He is a newspaperman, working on his master's thesis in the department of journalism here. He proposes to study the advertising rates, circulation and expenses of the weeklies, to find out whether their earnings may be increased, or their losses reduced.

TALLAHASSEE—This capital mourned the passing here of Federal Circuit Judge Curtis L. Waller, former legislator of both Florida and his native Mississippi, former law partner of U. S. Senator Claude Pepper, senior federal judge in Florida. Judge Waller

died of a brain injury. He had been on the federal bench since 1940, and for seven years was a member of the circuit court of appeals. He was buried here.

TALLAHASSEE — Attorney General Richard W. Ervin this week gave his opinion on the following general subjects:

TAXES — Osteopathic hospital operated non-profit and giving substantial services to charity is entitled to tax exemption.

CHECK — Giving worthless check for sales tax payment is not criminal offense unless done with intent to defraud.

HUNTING—Game Commission can close any lands to hunting without owner's consent.

CLAIMS—Under certain forms of release, insurance company is subrogated to rights of insured only in amount of established damages unpaid but due.

SNAKES—State board of control is not liable for snake bite injury to student on school field trip.

EASEMENT — Public service easement properly recorded prior to tax deed is not extinguished by Murphy act tax deed.

CATTLE—Under the new cattle law, sheriff is required to impound, care for and dispose of roaming livestock, with county commission providing pens and expenses.

VOLUNTEER — Maximum of

\$200 may be spent from fireman's pension fund to bury volunteer firemen, who served without pay.
AGED—Home for aged may be tax exempt, even though inmates able to do so must pay all or part of their upkeep.

TALLAHASSEE — Ministers of many denominations followed on the heels of the state parent-teacher association here at Florida State University, in an annual conference dedicated to discussing marriage and family ties this year. General talks and discussion groups handled may phases of this subject in their five-day meeting.

TALLAHASSEE — First week of the eight to five work schedule with Saturday off for state employees drew favorable reports from all quarters. The Saturday half day of work was eliminated in a three month's trial. State workers therefore punch the clock for a full 40 hours each week instead of the 39 hours they worked before.

TALLAHASSEE — Charges of permitting gambling were dismissed against Sheriff Ralph P. Witt and Constable Harry K. Roberts of Columbia county after a lengthy public hearing before Governor Warren. Charges were based on articles printed in the Tampa Tribune. Lake City officials and residents said "It's int. so." The Governor believed them, said evidence did not prove they have neglected their duties.

TALLAHASSEE — World government came under heavy fire from former Attorney General J. Tom Watson here, as he attacked ed before a local circuit court the right of world federalists to put a referendum on next fall's general election ballot. Watson declared the legislature has no authority to poll the people on what they think of one world. Regardless of the decision of Judge W. May Walker, the case is expected to go to the Florida Supreme Court.

Cinematic Chatter

By Malcolm Millar

When Billy Wilder guns his "Ace in the Hole" on location in New Mexico next month, one thousand residents of this area will benefit by being employed as extras, while additional remuneration will be gained by the townspeople by the renting of 350 automobiles for use in the exciting newspaper yarn. So folks in that little spot are all agog over the fact they are going to "get in the movies." In addition to being a winter sports enthusiast and fishing expert Ray Milland has turned radio "ham," and plans his own short wave radio station to augment the high-powered receiving set he recently purchased. John Lund and Alan Ladd are golf bugs sure enuff. They can be seen any time between trips before the cameras, out at the golf course shooting and arguing. Paul Christian, who is somewhat of an athlete himself, is said to be mighty good at golfing. It has been said he could very easily become a "pro". Paul is a mighty clever chap and a personable fellow. He is co-starred with Maureen O'Hara in "Bagdad", beautiful technicolor, exciting fantasy, which will be screened at the Prince theatre this Sunday-Monday. See you at the Movies—Mal.

Margery Lair Circle In Regular Meeting

A study of the second chapter from the text, "Women of the Bible," was presented by Mrs. G. W. Byrd, Sr., and Mrs. Ronald Watson at a meeting of the Margery Lair Circle, First Methodist WSCF, at the home of Mrs. N. D. Conrath Monday afternoon.

Also on the program Claudia Byrd, small granddaughter of Mrs. Byrd, sang two solos. Mrs. Ruth Meredith was in charge of the devotionals.

It was announced that Mrs. R. P. Hurt will be hostess at the next circle meeting.

payments, his insurance payments—all take on a special status.

The essence of the protection is that Johnnie's creditors can't close him out while he's away in service. They must give him time to return and get on his feet again. In the meantime all they can look to is his serviceman's income and family allowances.

The Soldiers and Sailors Relief Act covers lawsuits for collection of debt, contracts, repossession of property, collection of certain taxes, sales of property for taxes, eviction of tenants for nonpayment of rents, insurance premiums, and rights in public lands.

The privilege of deferring debt payments may create financing problems. Banks and insurance companies which have lent purchase money for post World War II homes now will have to adjust payments to service incomes.

Mortgage owners can work out agreements with mortgagors to pay interest and taxes and postpone payments on principal, adding them to payments due after the return from service. The guaranteeing agencies, FHA and VA must compensate the lenders for interest lost because of delays in foreclosure, and extra insurance premiums required.

But the serviceman remains liable for the debts in the long run.

The landlord will find he can't evict a serviceman's family without court permission if the rent is less than \$80 a month. But unpaid rent piles up a debt.

The taxcollector will find he can't sell a soldier's property for taxes until the soldier returns. But the taxes continue to pile up.

The installment collector will find he can't take back a car if the soldier has paid half the pur-

chase price. But the soldier will have to pay the full price in the end.

The income tax collector will defer collecting income taxes if paying them would be a hardship on the service income. But the taxes stay on the books and must be paid sometime.

The government will see that a soldier's life insurance premiums are paid, but it will take the money out of his pay.

Law covering servicemen's right to postpone payments of obligations beyond the ability to pay while in service is so broad that many World War II counselors urged draftees to steer clear if possible.

This probably still is good advice:

Settle your debts, soldier, all that car if you can't make the payments, leave things fixed so a mountain of debt won't pile up while you are away. See a lawyer before you go. If he suggests it leave a power of attorney with someone you trust.

Perfect New Form For Title Certificate

TALLAHASSEE—For all State autos, trucks and other vehicles bought after July 1, a new form of title certificates is now issued, showing if the car is new, used from within the State, or used from outside. According to Motor Vehicle Commissioner Arch Livingston, the new form, a time saving device workable by machine, will expedite work in the department's offices, and will also show more complete data than the old form. Certificates issued before July 1 will not be affected.

409 Degrees To Be Awarded By U. of Fla.

GAINESVILLE—The University of Florida will confer 409 degrees on candidates scheduled to graduate in first summer school session commencement exercises here on Saturday. The formal academic exercises will be held at 8:00 P. M. in Florida gymnasium.

The Rev. Albert C. Holt, pastor of the First Presbyterian Church of Jacksonville, will deliver the commencement address. Prominent in religious circles throughout the South, Dr. Holt has held the pastorate of the Jacksonville church since 1927.

Degrees to be conferred include: 274 bachelor degrees, 117 masters degrees, 14 law degrees and 4 doctor of philosophy degrees.

Mrs. Clyde Alley and daughter, Vicki, are the guests of Mr. and Mrs. Rupert Mock at Fort Myers Beach this week.

Magazine Gives National Guard History

TAMPA—A condensed history of the 51st Infantry Division, National Guard, with headquarters here under the command of Major General Sumner L. Lowery, is featured in the July issue of The National Guardsman, the official publication of the National Guard Association of the United States.

The article, in part, as it appeared in the magazine, follows:

The 51st Infantry Division is new in the postwar National Guard and so are many of its organizations, but the combat veterans of World War II who are the cadre furnish a delicate balance between youth and experience. The guard division with the highest numerical designation, the 51st assigned to Florida and South Carolina. Division headquarters is in Florida, along with one infantry regiment, one artillery battalion and the di-

vision band. The remaining units have been allocated to South Carolina.

The 51st was the first of the new postwar guard divisions to adopt a shoulder sleeve insignia. The design features a rattlesnake, coiled to strike. One of the earliest symbols of America independence, it dates back to the Revolutionary War. In its modern sense, the insignia complements the division motto, "Ready to Strike."

Civic groups and community businessmen from Homestead to Fort Lauderdale are compiling data to present to Florida East Coast Railroad authorities asking train commuter service between those points and others in between.

Mr. and Mrs. Dick Parriah have returned from a visit with relatives and friends in Virginia and North Carolina.

Annie Jones Circle of W. M. U. Meets first Tuesday of each month, 8:00 p. m.

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

"TRUTH" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, July 23.

The Golden Text is: "God shall send forth his mercy and his truth" (Ps. 57:3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth" (John 1:14).

The Lesson-Sermon also includes the following passage from the

Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Despite the hallowing influence of Truth in the destruction of error must error still be immortal? Truth spares all that is true. If evil is real, Truth must make it so; but error, not Truth, is the author of the unreal, and the unreal vanishes while all that is real is eternal. The apostle says that the mission of Christ is to 'destroy the works of the devil.' Truth destroys falsity and error, for light and darkness cannot dwell together" (474:24-32).

East Coast Highway Association recently sent to Folkston, Ga., junction point of Federal highways 1 and 301, a consignment of 2,000 highway maps spotlighting focal points on the East Coast route.

Miriam Circle Met At Spooner Home

The Miriam Circle, First Methodist WSCS, met at the home of the chairman, Mrs. Leon Spooner, Monday night with Mrs. Spooner presiding and Mrs. James W. Vance assisting as co-hostess.

Mrs. John A. Dulany, a visitor presented a study of the chapter on "Miriam" from the book, "Women of the Bible." Mrs. Jack Phillips was appointed in charge of the midweek prayer service which the circle will conduct at the church on the night of July 26. Mrs. Ernest Maxwell, also a visitor, led the group in prayer and Mrs. Phillips was in charge of the devotionals.

It was announced that the next circle meeting will be held at the home of Mrs. Melvin Spooner, with Mrs. Adaline Stuckey, co-hostess.

Egger - Dickson

Announcement was made this week of the marriage of Miss Jean H. Egger, daughter of Mr. and Mrs. L. A. Egger, West Palm Beach, to Thomas Godwin Dickson, son of Mrs. Albert O. Allen of Pahokee. The single ring ceremony took place at Folkston, Ga., on July 11.

The bride is a graduate of Palm Beach High School, Class of 1948 and at present is employed as secretary at the Hardin Motor Company, Inc., West Palm Beach.

Mr. Dickson graduated from Pahokee High School in 1947 and is now attending the University of Florida where he expects to receive a bachelor's degree in February.

Hunter and Homer Latham have returned from a two weeks' visit with relatives in North Florida.

Births

Mr. and Mrs. Samuel Boyett of Pahokee announce the birth of a son, Ernest Elmer, at the Everglades Memorial Hospital, July 16.
Mr. and Mrs. W. J. Adams of Pahokee announce the birth of a son, Omar J., at the Everglades Memorial Hospital, July 18.

Biennial caucus of Florida House of Representatives, postponed because of earlier illness of speaker-designate E. Elliott, of Pahokee is set for September, likely the 15th, at Plant City. Probable highlight of the caucus will be contest of the 1953 legislative speakership, with Reps. C. Farris Bryant, Ocala, and George NeSmith, Wakulla, already definitely in the running.

TALKS ON KOREA

John T. Pickett, Sr., who spent several years in Asia with the U. S. Engineering Corps, gave a timely talk on "Korea" at the Thursday luncheon meeting of the Pahokee Rotary Club last week.

Introduced by Frank Shaughnessy, the speaker briefly reviewed the history of war-torn Korea and described the customs of its people. Claude L. Shirley, the new president, presided.

Winn and Lovett Grocery Co., operators of Lovett's, Table Supply and Margaret Ann Food Stores, has printed and mailed to all its stockholders a three-color brochure highlighting resort centers of the state. The folder went along as a companion to regular dividend checks.

Mr. and Mrs. Dean Wilson had as guests the past week Mr. and Mrs. Noble Reeves of Tallahassee.

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Requirements Are Modified By Marines

JACKSONVILLE—On the heels of unlimited quotas for all male applicants, the Marine Corps is now accepting certain Marine veterans and reserve personnel for one year's active duty.

Capt. J. J. Reardon, State Marine recruiting office, in making the announcement added that physical requirements pertaining to color-blindness and teeth have been modified.

Marine veterans and reservists who are accepted for active duty from Florida under these provisions will be assigned to Camp Lejeune, N. C., home of the Second Marine Division.

Marine veterans not now in the reserve who desire such duty may be enlisted in the reserve and assigned to active duty. Master and technical sergeants who have been discharged over a year will be given the ranks of sergeant and corporal, respectively, and in case of general reserve mobilization, reappointed to their previous ranks.

Applications by reserve personnel and veterans for assignment to active duty should be made to the nearest Marine Corps Recruiting Station. Stations are located in Jacksonville, Miami, Ocala, Orlando and Tampa.

Instructions concerning the acceptance of women in the regular service and assignment of women members of the reserve to active duty are expected soon, Reardon said.

Personal Items

Mr. and Mrs. Talton Joyce of Vero Beach spent the past week in Pahokee visiting his mother, Mrs. Maxine Joyce, and sister, Mrs. W. H. Rogers, and family. They were accompanied home by Mrs. Rogers and daughter who are their house guests this week.

Mr. and Mrs. B. Elliott and daughter, Patsy, returned Wednesday from a vacation spent at Juno Beach.

Miss Orabel Rabon, an attorney of Blakely, Ga., is visiting Mr. and Mrs. J. C. Schoepel in Pahokee. Mrs. Dan Jacobs of Orlando is also a guest of the Schoepel family.

Mrs. Gordon Hillier and Jimmy Schoepel spent the past week with the Segree family at Indian town.

Gaye Schoepel will leave this week end for Girl Scout Camp at Cloudland, Ga.

There are 41 perfect copies of Gutenberg's Bible known to be in existence. The U. S. Library of Congress paid \$350,000 for one copy printed on vellum.

Ink spilled upon a carpet may be removed by first sponging all excess ink up at once with warm wet cloths. Next sponge the spot with a cloth dipped in cold milk. Wash the milk out with clear hot water and sift a little cornmeal or dry sawdust on the spot.

The Typewriter was patented in 1874 by a man named C. Graham Sholes.

Kentucky was admitted as a state of the United States in 1792. Tulsa, Oklahoma is said to have the best dressed woman in America.

Something New In Sound Engineering

TALLAHASSEE—The State Improvement Commission is using "cones of silence" to muffle noise made by air conditioning machinery in the Caldwell Building here.

The cones are something new in sound engineering. They are surprisingly cheap and surprising effective. Made of shredded wheat pressed into shape, they are 14 inches wide at the base and about 7 inches deep.

They are hung at random all over the walls of the room housing the air conditioning machinery

and suspended in pairs with their bases together from the ceiling. Instead of echoing about the room to be carried by the air conditioning ducts all over the building sound is absorbed in the cones, and in the dead air trapped by them.

About 300 have been used at a cost, including installation, of \$350. They saved soundproofing dozens of rooms at a probable cost of thousands of dollars.

The first book to be printed from movable type invented by John Gutenberg was the Bible. The complete Bible, in Latin in two volumes, was presented to the world in either 1455 or 1456.
